

## SL ePAR 180

The SL ePAR 180 luminaire utilizes 19 homogenized RGBW LEDs to produce over 4400 lumens of output. The split yoke bracket allows for easy hanging or floor mounting.

Constructed from robust die cast aluminium, the SL ePAR 180 is an ideal energy saving replacement for halogen par luminaires. Ideal for lighting simple stages in hotels, clubs, and shopping malls, the SL ePAR 180 provides designers with a LED luminaire that delivers uniform colour, high output, and excellent reliability.

Simple daisy chaining of power and data, along with a split yoke bracket permit quick setup in any orientation. Configuration is made easy through use of the universal Showline LCD menu system and the Showline is RDM enabled, allowing for fast commissioning and testing from a remote location.

### Features :

- Rugged Construction
- High Quality LED's for exceptional output and colour
- Built-in colour presets, effects and chases
- Harmonized Colour Calibration
- HSIC (Hue - Saturation - Intensity - Colour temperature) operation mode
- 8 or 16-bit DMX-512A operation for smooth stepless fades
- On-board LCD Menu System for addressing and setup
- Remote configuration available via RDM
- 5-pin DMX-512A(RDM) in and through connections
